Japan Sewing Machine Manufacturers Association (JASMA)

Japan International Apparel Machinery Trade Show JIAM 2020 OSAKA

May 20 (Wed) – 23 (Sat) 2020
INTEX OSAKA

Exhibition theme

JIAM 2020, the forefront of the
Future technology and Master craftsmanship
collaboration.

Due to the digitalization led by Internet, the world is changing rapidly day by day and nowadays, the application of AI and big data is prevailing almost anywhere. Manufacturing and sales development are becoming even more borderless. The current trend has a huge impact on apparel, fashion and the textile industry, and the needs for high-quality, high-value products and efficient business management are growing.

JIAM 2020 has decided its exhibition theme as “JIAM 2020, the forefront of the Future technology and Master craftsmanship collaboration.” and the show will be providing solutions catered to each and every needs by combining existing high-level skillsets that has survived the drastic market change in the past, with the latest technology that has built on knowledge and history. The 2020 edition will be showcasing products, technology and services which the “state of art-technology” and “master craftsmanship” comes together.
