Introduction

The 12th edition of the Japan International Apparel Machinery & Textile Industry Trade Show "**JIAM 2022 OSAKA**" organized by the Japan Sewing Machinery Manufactures Association (JASMA) was held from November 30 (Wed.) to December 3 (Sat.), 2022, at INTEX Osaka.

Under the theme "It all connects at JIAM -the forefront of technology and master craftsmanship A place to meet "New Business Partners", 150 exhibitors (112 from Japan and 38 from overseas) from 11 countries and regions occupied 930.9 booth units, presenting the innovative new products and system solutions for the next generation to the world through the fusion and collaboration of Takumi techniques that have achieved transformation in response to diverse changes and the latest technologies to support the future.

The show attracted 10,452 visitors including 2,406 overseas visitors from 59 countries and regions.

After six years from the last edition, the world's leading sewing equipment trade fairs showed the internationality welcoming overseas visitors from Bangladesh, India, South Korea, Sri Lanka, Vietnam, and Pakistan replacing China, where travel has been difficult due to the new coronavirus.

In addition, a series of special seminars and panel discussions (12 sessions, all with simultaneous interpretation in English and Japanese) took place at a seminar room in Hall 4 and proposed the solutions to recent issues in the sewing, textile processing, apparel, and related industries, such as digital (IT), manufacturing, and SDGs.

Scale of the show

From 11 counties and regions, 150 exhibitors occupied 930.9 booth spaces at **JIAM 2022 OSAKA**. Of 112 exhibitors, those occupying 848.9 booth spaces were from Japan, and 38 exhibitors, occupying 82 booth spaces, were from overseas. Compared to the last edition, JIAM 2016, **JIAM 2022 OSAKA** got the number of new exhibitors as 34 (domestic 17, international 17).

The 2020 edition of JIAM OSAKA, which was originally scheduled in May, was postponed due to the Novel Coronavirus (COVID-19) outbreak and **JIAM 2022 OSAKA**

has drastically less number of overseas exhibitors compared with JIAM 2016. But a lot of exhibitors, especially domestic sewing machinery manufactures companies showed the latest machines. Products in "Sewing machine", "Supplies and accessary", and "Equipment" has slightly increased.

Home sewing zone

In the Home Sewing Zone, three home sewing machine manufacturers held daily workshops where visitors could learn about upcycling using waste materials. Many visitors took a break at the café with "cup sleeves" made by themselves. In addition, panel displays of the Winner of the Minister of Economy, Trade and Industry Award and the National Federation of Sewing Machine Commerce and Industry Cooperative Association Technology Award in the "42nd Home Sewing Contest for Elementary, Middle and High School Associations" sponsored by JASMA attracted public visitors.

Promotion activities

■ Direct mailing of information and invitations

To encourage attendance from Japan and overseas, direct mail and invitations were sent to major apparel makers and related companies in Japan and overseas, to related organizations in Japan, to overseas user groups, to the embassies and consulates of countries in Japan, to overseas trade promotion organizations in Japan, and to fashion-related educational institutions.

■ JIAM 2022 OSAKA publicity

In Japan and overseas, advertisements were taken out in major trade journals connected with sewing machines and related industries. These included both print journals and online publications. Right up to the opening of the show, the campaign was conducted to gain attention and stimulate interest.

■ Website and e-mail newsletter

Both visitors and exhibitors gave the **JIAM 2022 OSAKA** website high marks for the easy-to understand information and convenience it provided. Besides easy pre-registration, as a one stop shop for the latest information, the website provided up-to-date listings of exhibitors, and descriptive schedules for the programs of seminars/ event stage. The organizer also encouraged potential exhibitors and visitors to attend the show by sending e-newsletters.

■ Promotion for related trade shows and events

Among the facilities and efforts to actively publicize trade shows held in Japan and overseas, a booth was set up, along with several pamphlet distribution points

Services

JIAM 2022 OSAKA offered a variety of services to support exchange between exhibitors and visitors, and with press, and to encourage smooth business discussion.

1. Admission

QR code was used for visitor number management. This allows for quick, accurate, and detailed data management

2. Advance ticketing system for visitor badges

The new system, which is a complete change from the previous pre-registration system, enables not only pre-registration but also issuance of badges.

3. New exhibitor search system

New exhibitor search system made it possible to introduce detailed information on exhibitors before and throughout the show. Its feature is that it emphasizes visuals and provides more appealing information.

4. Information counter

An information counter was set up to receive visitor inquiries.

5. Press room

A press room was set up in Hall 5 to provide industry press the materials of exhibitors and newest press releases which were issued every day during the exhibition.

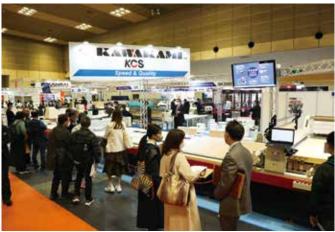

6. Rest areas

Rest areas in each hall were used for business meetings and exchanges of opinions with visitors.
