JIAM show, hosted by an organization composed of Japanese leading manufacturers of sewing-related equipment, has been regarded as worldwide showcase of cutting-edge technology of the industry since the 1st show back in 1983.

Last show held in November 2022, right after restriction in entering to Japan has been partially lifted, still attracted large number of foreign visitors, composed of directors and managers of major apparel & non-apparel manufacturers, mainly from emerging countries such as Bangladesh, India, etc., looking at solutions for challenges they faced.
